

# ARDUINO ACCLIMATE HELPFUL RESOURCES

## [TINKERCAD!](#)

- Free online resource to develop, run, and test circuitry and codes!
- Can share designs with teammates!
- Great practice before prototyping hands-on with your Arduino Starter kit!

## [INSTRUCTABLES!](#)

- Great resource to look at other Arduino Projects as references!

## [ARDUINO WEBSITE](#)

- Great resource to look at Arduino components such as sensors!
- The tutorials under 'documentation' are very helpful!!
- The 'community' page also shows what other people have made with Arduinos and have helpful discussion threads!
